**How Ranking is calculated**

Points are calculated on a 52-week period, taking only the points earned at the top five (5) events to date (or less if you have been to less than five (5) events.) Once you have been to more than five (5) events, the lowest point totals you have earned at events are dropped (e.g. if you have competed in six (6) events, your one (1) lowest point total of any event over the last 52-week period is eliminated).

There are a total of 12 events on the ASA Pro Tour in 2000 - 11 regular season events and the World Championships. The top 6 ranked women in each discipline at the end of the regular season qualify for the World Championships.

See pages 12-13 of the ASA 2000 Official Program Guide for more details.
