How Ranking is calculated

Points are calculated on a 52-week period, taking only the points earned at the top five (5) events to date (or less if you has been to less than five (5) events.) Once you have been to more than five (5) events, the lowest point totals you have earned at events are dropped (e.g. if you have competed in six (6) events, your one (1) lowest point total of any event over the last 52-week period is eliminated).
